The Thoroughbred of Fences

Timberline x3 Rail
Colour: White

We create beautiful, safe and strong fences that last a lifetime. That's always been our goal.

We are a professional, friendly team of engineers, fencing designers and horse lovers dedicated to designing and creating the best Rural and Residential fencing systems on earth.

For over 15 Years, through innovation and perspiration, we have become one of the leading fencing designers and makers of composite vinyl.

Our repeat customers include high profile Thoroughbred Breeders, Property developers, Racing Clubs, Metropolitan and Regional Councils.

To create the world's best fencing systems we use only the best plastic processing technologies and materials.

All of our fencing raw material, production and design, is local, which makes us one of the leading manufacturers of Vinyl and composite fencing in Australia.

Every fence design is exclusively tested and proven; every piece of fencing carries our quality guarantee. Every one of our fencing products are made and proven in Australia. **We're proud of that!**

Residential Fencing

For over two decades Think Fencing has been developing and perfecting composite PVC fencing for the rural and commercial industries. Now thanks to our innovative team this technology is available to the residential fencing market.

Main image: Mystique Panel Fencing Ridge Grey with Lattice
Above (Left to Right): Bellbrae Screen Fence Pine | Jabiru Picket Fence White

Picket Fencing:

Whether the style of your home is traditional or modern, we have the perfect picket fence that is in keeping with the style and period of your home. Easy to install and lasts a life time, you will never need paint your fence again.

Mystique Panel Fencing:

With the natural look of timber, or in a variety of solid colours, Mystique provides more privacy in a garden setting and is effective barrier from unwanted traffic & neighbor noise.

Bellbrae Screen Fencing:

Modern, clean and open. Bellbrae PVC screening is a horizontal slatted screening system. Its simple design creates an enclosed space, whilst allowing natural light a breeze to filter through.

Rural Fencing

Think Beauty, elegance and affordability. Think Fencing has designed its range of rural fencing systems around you. It never needs painting, available in a range of beautiful colours and textures. Its safe, strong and environmentally friendly.

Main image: Timberline x4 Rail Woodgrain Pine
Above (Left to Right): Equirail x3 Rail White | Zappa rail x2 Rail White

Timberline Post & Rail Fencing:

Timberline is the post and rail for the 21st century. Created from non-toxic vinyl, it combines the visual beauty of fresh painted timber, with the strength and resilience of highly advanced polymer technologies.

Zappa Rail Fencing:

Zappa Rail is an innovative electrified fencing solution featuring two high tensile wires built into the top and bottom of a flat rail. This remarkable rail has been designed to provide the ultimate safety for your horses.

Equi Rail Fencing:

Equirail is a super tuff fence rail, measuring only 45mm wide it is made from such a resilient polymer that wire re-enforcing is unnecessary. Easy to install and super flexible.
